

Bibliography of Nottingham's Caves

The third edition of the Society's ever-popular book, *Sandstone Caves of Nottingham*, was published late in 2007. Since this book was written for a wide readership, it does not carry references to source material and available literature. Such however can be very useful for researchers, and the bibliography below is therefore published as a basic resource.

This list includes the main primary sources of information on the caves, but excludes the numerous magazine articles that merely repeat existing data. The Local Studies section of Nottingham's Central Library has a fairly complete collection of the reports that are not in mainstream publications.

- Best, S., 1995. The Hermitage remembered. *Sneinton Magazine*, 15, 13-20
- Blackner, J., 1815. *The History of Nottingham*. Amethyst Press: Otley (facsimile reprint, 1985), 459pp.
- Hamilton, A., 2004. *Nottingham's Caves*. Nottingham Civic Society, 40pp.
- Hind, F., 1943. *The history of Nottingham – its defences, caves and rock rooms*. Nottingham Natural Sciences Field Club, 23pp.
- James, A., 1995. *The Caves of Nottingham*. Lace Hall: Nottingham, 16pp.
- MacCormick, A., 2001. Nottingham's underground maltings and other medieval caves: architecture and dating. *Transactions of the Thoroton Society of Nottinghamshire*, **105**, 73-99.
- Nix, P.A., 1984. *Nottingham Caves: the Ropewalk*. Nottingham Hidden History Team, 12pp.
- Owen, J.F. & Walsby, J.C., 1989. A register of Nottingham's caves. *British Geological Survey Technical Report*, WA/89/27.
- Smart, A. & Lowe, D. (eds.), 2006. City of caves. *Nottingham Evening Post Bygones*, 112, 1-11.
- Stapleton, A., 1904. *Nottingham Caves and Nottinghamshire Coal*. Nottingham Guardian, 60pp.
- Walsby, J.C., Lowe, D.J. and Forster, A., 1990. The caves of the city of Nottingham: their geology, history, extent and implications for engineers and planners. In *Engineering Geology of Weak Rock*, eds J C Cripps et al, Balkema, 481-488.
- Walsby, J.C., 2006. A register of Nottingham's caves, volume 4, updates to volume 2. *British Geological Survey Internal Report*, IR/06/120.
- Waltham, A. C., 1992. The sandstone caves of Nottingham. *Mercian Geologist*, **13**, 5-36.
- Waltham, A.C., 1993. Crown hole development in the sandstone caves of Nottingham. *Quarterly Journal of Engineering Geology*, **26**, 243-251.
